

# Purple Beech Designs

## INSTRUCTIONS FOR MAKING A PURPLE BEECH DESIGNS CORNFLAKE LAYER NECKLACE

**Necklace size:** Approx 22 inches/55.9cm length.

**Components:**

Greek Beads: 3 x ridged tops; 5 x same colour cornflakes; 4 x same colour cornflakes

Silver plate: 7 x eyepins; silver plate chain; toggle clasp; 2 x 6mm open jumprings; 12 x 4mm silver balls; large jumpring; small jumprings

Sterling silver: Tube connector, loop on each end

1. First cut the silver chain into 7 lengths. 2 of 28 links (120mm); 4 x 6 links (18mm) & one of 31 links (80mm).
2. Attach the toggle clasps to each end of the two lengths of 28 link silver chain using the 6mm open jumprings enclosed in the pack.
3. Take one eyepin, open it and slip onto one end of the 28 link silver chain, close the eyepin. Add a ridged top and then start to make a wrapped loop on the other end of the eyepin, add a length of 6 links before you finish the wrap, then finish the wrap.
4. Add an eyepin to the free end of the silver chain, add a silver ball, a cornflake in one colour, then another silver ball. Start to make a wrapped loop on the other end of the eyepin, add another 6 link length of chain, then finish the wrapped loop.
5. Add an eyepin to the next free end of the silver chain, add a silver ball, then a segment of three cornflakes in alternating colours, with silver balls in between. That segment is made up of 4 silver balls and three cornflakes. Start to make a wrapped loop on the free end of the eyepin.
6. Add the 31 link length of chain to the wrapped loop, then finish the wrapped loop.
7. Repeat step 5. Add a 6 link length of chain.
8. Repeat step 4.
9. Add an eyepin to this free length of chain. Add a ridged top to the eyepin, then start to make a wrapped loop on the other end of the eyepin, add the length of 28 links that has the other toggle clasp on it before you finish the wrapped loop, then finish the wrapped loop.
10. The final piece is to add the dangling section to the middle of the necklace you've made. Find the centre link of the silver chain, add the tube with a loop on either end onto that link using the small jumprings.
11. Using the large jumpring, open it and add the final cornflake to it.
12. Add another small jumpring to the other end of the tube with a loop and add an eyepin to that jumpring. Slip on a ridged top, then start to make a wrapped loop at the other end. Add the large jumpring with the cornflake attached to it. Finish the wrapped loop.
13. You have now finished making your necklace.
