

## Lustre Lights Necklace

### Kit includes:

#### Chain

- 3 x silver coated washers
- 42 x teardrops colour 1
- 20 x teardrops colour 2
- 10 x silver coated small tubes
- 1 x focal bead (donut silver series)
- 1 x headpin
- 2 x 8mm Open jumprings (OJRs)
- 4 x 6mm OJRs
- 36cm softflex 49 strand
- 2 x 5.5cm chain
- 1 x lobster clasp

1. Focal Bead section:
  - a. Cut off the flat head of the headpin and make a wrap loop. Thread a silver coated washer, the donut focal bead and another silver coated washer. Make another wrap loop.
  - b. Add two teardrops to an 8mm OJR, then add it to the bottom loop of the donut. Close the OJR. Add one teardrop to a 6mm OJR and add to the bottom loop of the donut. Close the OJR. Repeat with a teardrop and 6mm OJR.
  - c. Add two teardrops and a silver washer to another 8mm OJR and slip it onto the top loop of the donut.
2. Take 36cm of softflex 49 strand slip on an end crimp, the last link of the 5.5cm chain and crimp into place. If the necklace chain hasn't got a small round link at the end, you might wish to add a 6mm OJR to this end, so the lobster clasp can connect with it.
3. Add 3 teardrop beads to the softflex, followed by one silver coated short tube.
4. Repeat step 3 twice.
5. Add 2 teardrops of colour 2, 3 teardrops of colour 1 and 2 teardrops of colour 2, followed by a silver coated short tube.
6. Repeat step 5.
7. Add 2 teardrops of colour 2, 3 teardrops of colour 1 and this time you need to add the focal bead section using the silver coated washer as a type of bail. Then add 3 teardrops of colour 1, and 2 teardrops of colour 2 followed by a short tube.
8. Repeat step 5 twice.
9. Repeat step 3 twice, then add the final 3 teardrops.
10. Add a short tube.
11. Finally, add a crimp bead, followed by the end link of the other 5.5cm chain and crimp into place.
12. Using a 6mm OJR, add the lobster to one end of the chain.
